Make your own Magic Wand

Create your own magic! Design your own wand and give it a “WonderPhil” whirl!
See what special things you can make happen when you believe in magic 🎵

To start, you need something long for the handle.
It could be a paper towel roll or a stick.
Make sure it isn't sharp!

Now you're ready to decorate it!
Here are some materials you might find at home:

Ribbon Pipe cleaners Beads and sequins
Bells, acorns and rocks Yarn Paint or markers
wire Craft foam or paper Pom poms

Maybe you'd like to make a magical edible wand.
Cast a few spells then make it magically disappear!

Start with a pretzel or bread stick.

Melt some chocolate in the microwave – watch carefully as it will melt quickly!

Dip the end of your wand into the chocolate and then dip it into a bowl of sprinkles.

Set it aside for the chocolate to harden, then you are ready to make some magic happen!
